- CMS experience including Wordpress & Drupal
- Ecommerce platforms including Magento, CS Cart & Woocommerce
- Proficient user of social media for engagement & SEO benefit
- Understanding of the capabilities of technologies such as HTML, PHP, CSS & the ability to talk with developers in their language

Employment History

Director / Digital Marketing Consultant
Current

CanMarket Limited
Canterbury, Kent

Established to provide consultancy & professional services; to date we have worked with clients including corporate financial services, start-ups / SMEs & independent artists including the band 10cc. We also employ a consultant working in a digital marketing role for the NHS.

Key Achievements

- Working with the band, the promoter & the venue I applied my skills across social media channels to help 10cc sell out a "secret" gig at the Brooklyn Bowl in the O2; we also kick-started the negotiations which led to the band performing at CarFest North & South in 2014
- Created full ecommerce & marketing website for Kent based skincare start-up that returned on investment within three months

Base Touch – London N1

This role has focused on building a client base for a stage 1 video marketing start-up, utilising my comprehensive knowledge of online marketing - search engine optimisation, pay per click advertising & social media management - alongside face to face networking & knowledge sharing opportunities.

- Constructed & scripted presentation for Google Town Hall, attended by digital marketers from some of the UK's top brands
- 112% increase in overall traffic to website in one month with a 61% rise in organic traffic, using a combination of SEO, PPC, Social Media advertising, content building & KPIs
- Detailed audits of Lindt, Karndean & Experian digital video channels
- Developed value proposition beyond production services to encompass strategy, optimisation & analysis
- PR generation, including securing an interview with editor of Econsultancy magazine

Digital Marketing Manager
Jul 2011 – Dec 2014
